

Benefits of Fosroc Waterproofing Product Installation by a Fosroc Waterproofing Alliance Contractor

- All contractors on the list are recognised as specialists in waterproofing product installation with a proven track record of at least 5 years.
- Training in Fosroc waterproofing product installation has been provided for key personnel who are named on annually updated Alliance Contractor Certificates.
- The contractors are able to provide the client with an insurance backed installation warranty (IBW) for the product installation in support of the Fosroc product warranty (which is issued by prior arrangement on a project by project basis).
- Latent Defects Insurance Scheme
Fosroc are not authorised to arrange insurance. However a facility has been arranged with Peacock Insurance Services Ltd whereby Latent Defects Insurance cover can be provided for a 10 year period from completion of installation for projects for which a Fosroc Waterproofing Specification Document has been issued and a project specific risk assessment completed by Fosroc prior to installation by a Fosroc Waterproofing Alliance Contractor approved by Peacock Insurance. For more information please contact the commercial department of Peacock Insurance on 024 7643 7600.
- Fosroc and many of the contractors (those marked with an *) are members of the Property Care Association (PCA).
- The contractor list is updated on an annual basis with a stated expiry date so that the client can be confident that the information provided is reliable and up to date.
